Final Grit	200	400	800	1500	3000

Tips As a final step, to get maximum gloss and that "wet look" shine, finish with a quality polishing powder or paste following the manufacturer's instructions. Or, just use the KGS Swiflex® RD Buff DRY to get a beautiful gloss as the final step. See page 8 for more information about the KGS Swiflex® RD.
